REMARKS

The specification and FIG. 4B have been amended to correct minor errors noted in an Office Action of the parent application and otherwise. These corrections are of a clerical nature and do not add "new matter". For example, Applicants believe that the amendments to the "Summary" merely includes subject matter already disclosed in the application, such as the "Abstract of the Disclosure". Applicants believe that these amendments do not add new matter.

Claims 1-22 have been canceled, without prejudice.

Claims 23-51 are new. Applicants respectfully submit that these new claims are commensurate with the scope of protection to which Applicants believe they are entitled. Applicants respectfully submit that no new matter has been added.

Request for Allowance

It is believed that this Amendment places the above-identified patent application into condition for allowance. Early favorable consideration of this Amendment is earnestly solicited.

If, in the opinion of the Examiner, an interview would expedite the prosecution of this application, the Examiner is invited to call the undersigned attorney at the number indicated below. This amendment is filed under Rule 34; a power of attorney in favor of the undersigned will be filed later.
